I'm writing in strong support of HB 2005 – banning ghost guns. As a mom and community member I want our neighborhoods to be free of gun violence.

Banning ghost guns would be a positive step toward preventing gun violence by prohibiting undetectable, untraceable firearms that do not go through a background check. These guns are increasingly common and there are currently no laws prohibiting ghost guns.

HB 2005 would help stop the easy-to-get building blocks that can be purchased with no background check and no questions asked while preventing gun traffickers and people prohibited from possessing firearms the means to obtain a weapon.

Sincerely,
