

Submitter: Tracy Funk

On Behalf Of:

Committee: Senate Committee On Energy and Environment

Measure: SB525

I am writing in strong support of the bill to adopt emissions standards as soon as possible. To continue to allow gas-powered leaf blowers which emit toxic air pollution is irresponsible and reprehensible. For the sake of our health, the health of landscape workers, the health of children, and the health of our natural environment, please pass this bill.
