

Submitter: SUSAN BRAVERMAN

On Behalf Of:

Committee: House Committee On Judiciary

Measure: HB2007

I favor any attempts to regulate firearms and restrict their use since they are a severe danger to the public. As a licensed social with many years' experience working with trauma survivors, I see the damage to people every day caused by firearms, particularly children! Please do what you can to regulate and limit firearms in Oregon! Please do whatever you can to make our public buildings, streets, cities safe from the scourge of firearms. Enough!
