Committee: Senate Committee On Natural Resources

Measure: SB85

I support SB 85 -1 to place a moratorium on huge industrial animal feeding operations in Oregon. I previously submitted testimony and want to be clear that the -3 amendment is unacceptable.

I am aware that some opponents call up the importance of the family farm but it is the large CAFOs that kill family farms and have done so in other states. In the 10 years since Oregon's first industrial sized CAFO we have lost 600 family farms.

Please pass SB 85 -1.
