

Submitter: Marilyn Schirk
On Behalf Of:
Committee: House Committee On Judiciary
Measure: HB2007

I believe that HB 2007 would be a very good step to take to ensure that local elected leaders have the ability to adopt rules restricting firearms in their facilities and adjacent grounds if they desire. This would have no effect on firearms carriage outside of public buildings and their adjacent grounds. This bill gives local control to local governments, and does not mandate or force action from Salem.
