

Submitter: JoRae Perkins
On Behalf Of: American Citizens
Committee: House Committee On Judiciary
Measure: HB2005

The right of the people SHALL Not Be Infringed. This is not only in the U.S. Constitution, it is in the Oregon Constitution.

You took an oath to uphold BOTH the Oregon and U.S. Constitutions. If your violation of Oath of Office to the US Constitution is found to be tyrannical, upon a guilty conviction, you lose your office, face both monetary fine and incarceration.

I urge you to oppose this bill.

You have zero legal right to tell me what I can and cannot have as a firearm. I have every legal right to own an undetectable firearm.
