

Submitter: MS North Oregon Coast

On Behalf
Of:

Committee: Joint Committee On Ways and Means Subcommittee On Natural
Resources

Measure: SB5509

I am in favor of restoring the Wildlife Coexistence Funding Package to the ODFW
Budget

This funding is important to promote wildlife stewardship, humanely resolve human-
wildlife conflicts, engage new audiences in wildlife conservation including historically
marginalized populations, and support wildlife rehabilitation programs.

Thank you for advocating for Oregon's wild creatures and places!
