

Submitter: Ross Smith
On Behalf Of:
Committee: House Committee On Rules
Measure: HB2004

Chair Fahey, Vice Chair Breese-Iverson, Vice Chair Kropf, and members of the House Committee on Rules,

My name is Ross Smith and I live in Lincoln City, Oregon. I strongly support HB 2004.

Ranked choice voting is a proven solution that several states have successfully enacted. See <https://www.elections.alaska.gov/results/22SSPG/RcvDetailedReport.pdf> for the best example of it working in Alaska's last election.

I strongly believe ranked choice voting will do more to lessen the growing partisan divides in our state than anything else we can do.

In fact, it should be implemented on every governmental vote, when applicable, such as city councils voting on four candidates for three open positions on a planning commission.

Please support HB 2004. Thank you for your service.

Respectfully yours,

Ross Smith
Lincoln City, Oregon
