Committee: House Committee On Emergency Management, General
Government, and Veterans

Measure: HB3572

To Chair Grayber and Vice-Chair Tran,

I strongly urge you to support and pass HB 3572 that gives Oregon Benefit Companies (OBC) a sustainable advantage when submitting a proposal to the Oregon procurement office for a contract.

Triple-bottom line organizations should be rewarded for paying living wages for their employees, supporting a diverse workforce and mitigating carbon output from their operations.

HB 3572 will help us ensure that the Oregon Benefit Company continues to thrive in our state and acknowledge the commitment these purpose-driven leaders have made to all their stakeholders.

Please support and pass HB 3572.

Sincerely,

Cameron Hering
