

Submitter: Bradley Buckler  
On Behalf Of: Teamsters Local 223  
Committee: Senate Committee On Health Care  
Measure: SB60

My name is Bradley Buckler and I currently work as an Advanced EMT. I am planning to get my Paramedic degree in the future. I believe that removing the degree requirement is a mistake and will set the profession of Emergency Medical Services back as we have fought long and hard to be recognized as a profession. I urge every professional care giver to oppose this bill.
