I wish to let you know that I support ranked choice voting in Oregon. I believe it is a shame that people feel that they are limited to the least of two evils, because they are afraid they will "waste" their vote if they vote for someone that they really want. Our country, the supposed "bastion of democracy", lacks a real and true democratic process in so many ways. It is time to live up to that title and claim our place leading the world to democracy. Ranked choice voting is probably the one best thing that we can do to reach that goal and truly support democracy in our country. Please support ranked choice voting.
