Measure: HB2007

I would like to start by saying how much I deeply love our great state of Oregon. The scenery, the opportunities and culture of our state is second to none. With that in mind I wish to declare the complete opposition to these nonsensical bills being pushed through oregon legislature! Hb 2007 is an oppressive over reach from a tyrannical government whose only goal is to molest the culture and constitution of Oregon This blatant disregard for my fellow citizens rights and beliefs at the expense of my tax dollars is appalling. Any elected official must remember they are to serve us not themselves and to pass a bill making our chl invalid in buildings paid for by Oregon tax payers is slap in the face. Any of the state issued permits that are to be made invalid by self promoting groups who spread misinformation should be made liable to refund every fee paid for those permits.
