

Submitter: A S

On Behalf Of:

Committee: House Committee On Judiciary

Measure: HB2005

I am writing today in support of this bill on undetectable firearms. These bills are no-nonsense attempts and allowing the ability to make or own an undetectable weapon is simply ridiculous. We have got to start protecting our children from the fear they live in each day that someday their school will be next. Though this bill isn't a be-all-end-all, it's a good attempt.
