Measure: HB2006

If the state declares that 18 yr Olds are adult when it comes to a crime then 18 yr Olds are also adult enough to purchase a firearm.the war on guns disgusts me. In no way do these bills save lives. All they do is waste tax dollars on courts fees to fight a blatantly oppressive bill that disrespects all Americans and our founding fathers. You people are the reason why they wrote our amendments. Spend our tax dollars on mental health and homelessness.
