On Behalf Of:

Committee: House Committee On Judiciary

Measure: HB2007

To whom it may concern, I'm writing this statement against HB2007 for the reasons that special interest are try to convince you to making public buildings a gun free zones. As we have witnessed in several cases gun free zones have had the complete opposite effect and have left the mentality unstable with a path to cause harm with zero defense to stop them. Please reconsider this dangerous HB and please remember that you all have taken a oath to do what is best for your country and state and not your party or personal interests. Thank you.
