Measure: HB2007

I support HB 2007/SB 686 and would like your support as well. I believe we should implement common sense policies to prevent gun violence and help make our communities as safe as possible. HB 2007/SB 686 is another example of a common sense, public safety measure.

Under current law, people with concealed carry licensed are allowed to carry firearms in public buildings where guns are otherwise prohibited.

HB 2007/SB 686 which would give local governments the authority to make the public safety decision to prohibit all guns on municipal property if they so choose.
