

Submitter: Ward Rouse

On Behalf Of:

Committee: House Committee On Judiciary

Measure: HB2006

I have been a responsible gun owner in Oregon for many years. I received my first gun at a young age I used it for hunting. I learned to use it responsibly and to respect it. I am opposed to this bill it is unconstitutional and it will negatively impact the responsible individual. Oregon already requires young hunters to take a hunters safety course. When is enough enough no more attacking our Second amendment rights.
