

Submitter: Ryan Cook

On Behalf Of:

Committee: House Committee On Judiciary

Measure: HB2005

This is truly a non issue for the safety of Oregonians. The making of tools in ones own home has been done since colonial times. Our ability to craft, innovate, and create tools to help our families protect ourselves, to harvest food, and to learn valuable skills should not be infringed on for a few peoples fears. Please send this bill to the circular file and leave it there were it belongs.

Ryan Cook
