

Submitter: Phil Harmon

On Behalf Of:

Committee: House Committee On Judiciary

Measure: HB2006

I vote No on this bill and oppose it strongly! Changing the age to own and purchase a firearm by 3 years is not going to improve or change anything. There are no facts to provide that 3 years is going to make a difference for anything. When you turn 18 you legally become an adult. You should legally be able to purchase and own a firearm as well at this age!
