

Submitter: Kristopher mittig

On Behalf Of:

Committee: House Committee On Judiciary

Measure: HB2005

Measure: HB2005 I oppose bill HB 2005. HB2005 would create a zig-zag of regulated spaces that one would never be able to navigate and impossible to traverse. It would without a doubt make good, law abiding Oregon citizens lawbreakers. As a 22 year old male, trained and legally holding a conceal carry license, it is my constitutional right to protect myself from sexual and physical harm that could potentially happen to me. I have been unwantingly approached by young men who luckily changed their minds when they saw I was aware of their presence. It would have turned out badly for me had I not become aware. That was my turning moment for getting my carry permit. I always travel alone as that is my status, I don't want to end up a statistic. Very recently a man while I was camping at a camp out very single and in my own tent came into my tent he definitely changed his mind when he looked down that barrel. Why attack law-abiding citizens? This does nothing for the criminals that you allowed to run the streets. You are voting against the very people you represent. This is almost certainly unconstitutional for the unpredictabilities it would create and the limits it would place on the law abiding citizens of Oregon. Again I oppose bill HB2005. Ask of you to please do not pass this nightmare of a bill and take mine and my families rights away.
