

Submitter: Kelly Tanzey Tanzey

On Behalf Of:

Committee: House Committee On Judiciary

Measure: HB2006

My family has been hunting for generations. It is imperative that we teach our son proper handling and safety of firearms. Youth hunting and sport shooting not only teaches life skills but teaches ethics and the rule of law. To not allow a young adult their 2nd Amendment Right when they have grown up around firearms is a disgrace for law abiding citizens. Plus we have so many kids on the High School Trap Team this would effect.
