On Behalf Of:
Committee: House Committee On Judiciary
Measure: HB2007

I am writing in opposition of HB 2007.

This bill will do nothing in regards to deaths by firearms. Concealed Handgun License holders are background checked, finger printed, and have taken a course on firearm safety. These license holders are not the problem when it comes to firearm deaths. This bill will just further to punish the Law Abiding Citizen from protecting themselves, their families, and the citizens around them.

Criminals do not hold licenses, they don't care about your laws.

This bill will only hurt the law abiding mother trying to protect herself with her children. This bill will hurt the young women that use a firearm to equalize themselves from the real threats that are present in our society.

Why does the Governor of our state get armed security, but the law abiding citizen does not get the right to protect themselves.

Thank you for your time and hearing my opposition on HB 2007.
