

Submitter: Natalie Serber

On Behalf Of:

Committee: House Committee On Judiciary

Measure: HB2006

The research clearly shows that individuals 18-20 years old commit homicides at 3x the rate of adults 21 and over. This is why you should also support HB 2006 and raise the minimum age of purchase for a semiautomatic rifle to 21 years old. This is a common sense law.
