

Submitter: Nicole Rariden

On Behalf Of:

Committee: House Committee On Economic Development and Small Business

Measure: HB3431

This is a very important component to how I am able to reach different aspects of the community. This funding has help aid in being able to assist and meet individuals exactly where they are and provide assistance as needed. In specific I work with Newport Police Dept from an outreach angle. We are able to help individuals get clothing hygiene products sleeping bags tents supplies food job resume drivers license housing vouchers and so many other ways. I personally have seen a huge benefit and great results directly from this funding. **OUR COMMUNITY NEEDS THIS.**
