Committee: House Committee On Economic Development and Small Business

Measure: HB3431

I have watched so many Individual's and family members benefit from Measure 110 that it is mind boggling why anyone would want to cut these funds. I believe we have only scratched the surface of how many people this measure can help as long as it is allowed to continue. Our judicial organizations are overwhelmed and by cutting the funding for treatment for addictions it can only overwhelm these organization even more. Please give Measure 110 a fighting chance and the time it takes to see the differences this measure can make.
