

Submitter: Alan Bowes

On Behalf Of:

Committee: House Committee On Climate, Energy, and Environment

Measure: HB3464

I am a veteran and landowner on Trail creek a tributary of the Rogue in the upper Rogue. Over the last ten years I have seen fish , tadpoles and frogs disappear from the creek

. I live in fear of fire that a wildfire will whip down Trail creek and will not be stopped.

I understand beavers can help with these issues. Please grant beavers protection .

This is a very rural area of Oregon. Locals shoot anything that is not protected
