

Submitter: Teresa Turnbull

On Behalf Of:

Committee: House Committee On Judiciary

Measure: HB3390

The resources used in fur farms are wasteful; the raising and killing of animals for their fur is completely unnecessary today, especially with increasingly available quality faux furs.

Even the best run fur farms are inherently cruel. If there is doubt, please visit one (full access -not selective access to the few in best/"showcase" conditions).

Thank you for your thoughtful consideration.
