

Dear Chair Kropf and members of the committee,

I am testifying in support of HB 2005, 2006, and 2007. These are common sense gun laws that will increase the safety of all of us. I am grateful to the legislators who have introduced these bills and the Oregonians who support them. You have consistently acknowledged that guns are tools that should be rationally regulated, not icons of freedom. As so many others have said, it is important that we clarify the right to live free from fear that comes from a well regulated society.

Thank you,

Carol Greenough
