Measure: HB2007

As a concealed handgun licensee, I fail to understand how taking a gun away from a good guy so only the mentally ill are armed would make you feel safer. I don't recall any mass shootings or gun violence committed by a CHL. I can think of quiet a few that were stopped by a good guy with a gun. Allowing governing bodies? of certain entities? to create gun free zones willy nilly is crazy! How would a CHL. holder know where he or she could carry.? Your just taking away law abiding gun owners rights away.
