Committee: House Committee On Judiciary

Measure: HB2007

Please oppose this bill. Although I do not own a gun myself, mainly because I am too old, I feel comfortable knowing other law-abiding citizens who are carrying concealed firearms are around to protect us all in case of an attack by others who are not law abiding. This is why this is in the constitution. If the law passes, it will be opposed in court and overturned which only costs the state lots of money and in the mean time makes it less safe for the rest of us. "I OPPOSE HB2007, Stop the assault on my 2nd Amendment Rights!
