Measure: HB2005

HB 2005 is unconstitutional and will not stand judicial review. US District Court found on March 19 2023 a similar ATF regulation concerning unfinished receivers as illegal. (Polymer Inc vs Merrick Garland). This bill will do nothing to thwart gun crimes, so maybe we can redirect our energies at enforcing some of the 20,000 (nationwide) gun laws already on the books.

I oppose passage of this bill.
