

Submitter: Carol Alley

On Behalf Of:

Committee: House Committee On Judiciary

Measure: HB3390

PLEASE pass this ban on the sale/trade of fur products in Oregon. These poor "farmed" animals live in filthy, cramped, away from everything natural to them. They are a commodity so are NOT well taken care of. The lack food and clean water; vets are never called for any injuries, which happen a lot from the stress that they are under. Self harm, incompatible cage mates. They are bred mercilessly then killed cruelly.

The over crowding and filthy conditions can also lead to another covid-type virus. PLEASE put human AND animal safety first. PASS HB3390, BAN THE SALE AND TRADE IN ANIMAL FUR. PLEASE!!
