

Submitter: Christy Abbe  
On Behalf Of:  
Committee: House Committee On Judiciary  
Measure: HB2005

I oppose HB2005

First of all, this is in no way an emergency!!!!!!!!!! This clause is grossly misused!!!!!!!!!!!!!!

The criminals won't obey any laws regarding firearms. This bill TARGETS normal citizens. Most people that are interested in this type of hobby building guns have already been background checked multiple times. These people are not the problem. This is a bad and unnecessary bill.
