Measure: SB611

Dear Chair Jama, Vice Chair Anderson and Members of the Senate Committee on Housing and Development,

I urge swift passage of SB 611. Four in 10 Oregonians rent their homes and are already paying some of the highest rents in the nation.

I am a home care worker for the state of Oregon. I work long and difficult hours. Living paycheck to paycheck doesn't even begin to describe the hardship my family faces each month. The emergency snap benefits stopped this past month which has had a major impact on my community. Raising rent even higher will put thousands of us on the streets. It will cost the state much more of our tax dollars to help get those of us "off the streets" than it would to just stop this crazy high rent spike. I am begging you to pass this bill as it will greatly impact not only our housing but our mental health crisis. We all have worries and stress factors please do not allow this high rent increase.

Everyone in Oregon deserves safe and stable housing but our high rental costs and housing inequities are forcing families out of their homes. While the Oregon housing market provides skyrocketing property wealth for landlords, renters have nothing to fall back on when their monthly costs rise beyond their paychecks.

Very few people can afford a 14.6% housing cost increase. Getting an increase that high may as well be an eviction notice for Oregon renters.

SB 611 is a reasonable approach. Allowable annual rent increases for current tenants will be more predictable for current tenants and more homes will be protected. And between tenants, landlords can charge whatever the market will bear for vacant units.

SB 611 does not solve all the inequities in our housing market, but it is an important step to more fairness and is an essential element in the legislature's response to the state's housing and homelessness crisis.

Please vote yes on SB 611 to prevent more high-rent homelessness in our communities.

Sincerely,
Renae Hill
