Hello Judiciary

So as I read this Bill...

We are making a law that allows a private sector business person to discriminate against a employee based on age ? (yeah that's some thinkin for ya).

So ok for a kid to get a sex change operation with no parental consent at 15 yrs...

I knew a Man who joined Army in WW II at 16yrs old... but his parents consented...

Seriously ... ?

I would hope to think the chief sponser of this Bill didn't write this Bill...

But was the form to submit this Bill filled out with crayons... or was the form tested for illegal narcotics ?

Oh sorry, is there a age limit to filling out a LC form...?

Is there a age limit for Legal Council to write LC's ?

How old you have to be to do Drag Shows for Adults in a bar ? (apparently 10 yrs old... as was the case in Eugene last summer.)

I been handling guns since I was 6 yrs old... you can hunt big game at 12 yrs old....

Youth shoot competition for years to get to the Olympics.

Seriously, Oregon Legislature has 2,877 live Bills... to think this is one of them speaks volumes.
