

Submitter: William Brown
On Behalf Of:
Committee: House Committee On Judiciary
Measure: HB2006

Whenever a bad person with a gun does anything, who do you call?

A good person with a gun.

How many robberies, assaults, and murders are stopped because the victim is armed?

A firearm is the ONLY true way to equalize people. An armed woman is NOT a victim.

Why do these gun 'control' (actually BAN) people want to disarm law abiding Americans so much?

It is so they can control the populace without ANY risk of rebellion.

Make law abiding Americans criminals while protecting REAL criminals and things will not go well.
