Measure: HB2007

Hello House Committee. I'm writing in opposition to HB 2007. As a woman and a mom, I cannot think of a worse thing than not being able to protect myself and my kids if it is needed. This bill will make it so I can be at a corner store within a certain distance of a building that the government has designated a "gun free" zone. If a criminal comes in to hold up the store, I will have no way to protect myself against a criminal that doesn't follow the law. Passing this bill will make it impossible for me to be a law-abiding citizen and still protect my family. I hope that you all will take this into consideration when making your decision. Thank you for reading my testimony.
