

Submitter: Timothy Klopfenstein  
On Behalf Of:  
Committee: House Committee On Judiciary  
Measure: HB2005

I oppose this bill for multiple reasons.

1. It would redefine an item in oppose to federal definitions dictated by federal regulators
2. Is based off of social issues of today instead of science and reality.
3. Is in direct conflict with second amendment rights of citizens
4. Would make advancements and developments in firearm safety difficult for manufacturers
