

Submitter: Alex Cole

On Behalf Of:

Committee: House Committee On Judiciary

Measure: HB2006

This is a direct violation of my rights, the second amendment states in clear undistinguishable words and I quote "the right to keep and bear arms shall not be infringed"

It doesnt need to go any farther than that. SHALL NOT BE INFRINGED. If I want to take my daughter hunting she should be able to learn the safety and usage of firearms.
