

Submitter: Zack Wilson

On Behalf Of:

Committee: House Committee On Judiciary

Measure: HB2007

I don't support this bill, to be liable to conceal carry we as a state of oregon should be able to go into blpublic buildings concealed carrying as we have already passed a background and fingerprinted. This does not voice well with me as citizens are and can be a need when authority is not close for a bad situation but a civilian armed is due process and within the 2nd ammendment.
