

Submitter: Julie Daniel

On Behalf
Of:

Committee: House Committee On Agriculture, Land Use, Natural Resources, and
Water

Measure: HB2659

It is way past time for the legislature to stop kicking the can down the road with regard to climate. I am 70 years old and have watched Oregon's climate change significantly, especially during the past decade. Do not foist this problem on young people one day longer. Yes, the executive order requires real change and change can be difficult but it will not be half as difficult as delaying. I strongly oppose this bill.
