

Submitter: Susan Temple

On Behalf Of:

Committee: Senate Committee On Housing and Development

Measure: SB611

I own two rental houses in Springfield. These houses are an investment in our retirement future. The rents are under the current average rent for our area. If this bill were to pass I believe it would be significantly less appealing to keep them as rental and force small property owners to sell to larger owners who can better carry this extra costs.

Please reconsider passing this bill.

Thank you

Susan Temple
