Committee: House Committee On Judiciary
Measure: HB3390

This bill is very important and crucial to the prevention of cruelty to these animals that don't deserve to suffer like this. Thank you for having a hearing on HB 3390. I am an Oregon resident in Bend, and I support this bill. California has banned the sale of new fur products, and Oregon should be next to prevent profiting off animals who are forced to stay inside cages with wire mesh flooring in extreme temperatures and typically killed by anal electrocution, neck-breaking, or other crude and gruesome methods. This should never be allowed to happen again. Please support this bill.
