

Submitter: Ron Reid

On Behalf Of:

Committee: House Committee On Judiciary

Measure: HB2005

Dear Legislators, I strongly oppose HB 2005 on behalf of myself as a hobbyist and a person that enjoys building things like firearms. As a law-abiding citizen and a long term tax payer also a Oregon native I do not like seeing we as a group (gun owners) turned into felons with the swoosh of a pen while the criminal element will always be able to obtain what they want. So please oppose this bill and vote NO to uphold the constitution of this state and these United States. Thank you, Ron Reid
