

Submitter: Shelley Sutton

On Behalf Of:

Committee: House Committee On Judiciary

Measure: HB3390

The fur industry is cruel to animals; horrible caged existence and excruciatingly painful death. Not acceptable ever. Plus, we are teaching future generations that it's ok to abuse animals; a known precursor to violence toward humans. Let Oregon invest in other avenues for the fashion market; the sky is the limit. Please pass HB 3390. Thank you.
