

Submitter: Melissa Horwitz

On Behalf Of:

Committee: House Committee On Judiciary

Measure: HB2006

For my school-age kids, participating in lock-down drills is as normal a part of the school year as buying school supplies or posing for school photos. It shouldn't be. We have done our children such a disservice by not protecting them more from gun violence and this bill would help -- just a little. Please prohibit anyone under 21 from possessing firearms without a specific exemption.
