Measure: HB2006

I am writing in opposition of this bill. There are many things that should be attached with age related to buying a gun. If 21 years of age is the decided upon number to buy a gun; then voting, entering the military, and many other laws relating to adulthood should be changed. If safety is the point of this bill. Many other potential dangerous activities should be changed to 21 as well; such as owning and driving a car and even owning a cellular phone.
