

Submitter: Susan Andrews

On Behalf Of:

Committee: House Committee On Climate, Energy, and Environment

Measure: HB2990

As a Portland emergency NET member and neighborhood organizer, and someone who has seen the importance of preparedness and excellent communication during disasters and emergencies as a responder during the CZU fires in California, I strongly support investments into the infrastructure needed. Please support HB2990 as a means to provide local groups on the ground to develop the types of programs that address their needs. Thank you.
