

Submitter: Bryan McGregor

On Behalf Of:

Committee: House Committee On Judiciary

Measure: HB2006

This proposed bill is in direct conflict with our Second Amendment. I will not support it nor do I understand how any elected official placed in power to defend our Constitution, could themselves support this proposed bill. I will be keeping a close eye on who chooses to support it and do my part in making sure they do not receive my support in the ballot boxes going forward. I propose a question to those if any that read this. If our children can join the military at 18 and sometimes even younger. Why would we restrict their Second Amendment rights? This is ridiculous and constitutionally immoral.
