

Submitter: Mike Courtney

On Behalf Of:

Committee: House Committee On Judiciary

Measure: HB2007

I oppose HB2007. As a citizen licensed to carry a concealed handgun, in Oregon and other states, this bill would undue hardship on those of us who have been trained, and background checked. As you know, this bill would create a mishmash of no carry areas that would effectively negate the purpose of the carry license. It would only be obeyed by the law abiding. Those who do not respect laws will pay no attention, and will disregard. What will you have accomplished?

I urge a no vote on this bill.
